This is our first meeting to discuss SCR. It looks like they have not put much thought into warning systems, inducement strategies and other SCR specific issues. We'll let them know they should get working on those items and suggest a follow up meeting on those topics. I'll keep you posted.

Steve,

I have reviewed Cummins briefing material. Since the meeting appears to be an introduction into their **Deliberative Process / Ex. 5**

## **Deliberative Process / Ex. 5**

copy. If not, can you find out when they plan to discuss this with us - I would be interested in participating in that discussion. If you find out that they plan to discuss those details today, could you let me know.

Thanks
